Goofy's Hot Chocolate Cake

Ganache:
32 oz. heavy whipping cream
32 oz. dark chocolate drops

Devils food cake mix*
16 oz. can cherry pie filling
2-4 oz. white chocolate drops or shavings from a white chocolate bar

Prepare the devils food cake mix and let cake cool before assembling. Bring heavy cream to a boil, remove from heat and add the chocolate drops; blend product until smooth.

Pour the Ganache in the bottom of a large baking pan, spread product out evenly. Place the baked chocolate cake on top of the Ganache. Spread cherry pie filling over the top of the cake. Sprinkle top of cake with either white chocolate shavings or white chocolate drops. Warm bottom of pan before serving so the chocolate melts about 50%.

*We recommend 1 box of Pillsbury's devils food cake mix

Enjoy!

Your pal,
Mickey Mouse
